106514	42	engineering services in the field of communications technology
106514	42	engineering services in the field of energy technology
106514	42	engineering services in the field of environmental technology
106514	42	engineering services in the field of food processing facilities
106514	42	engineering services in the field of industrial refrigeration installation industry
106515	42	engineering services in the field of motive power
106515	42	engineering services in the field of reducing operational costs of industrial machinery
106515	42	engineering services relating to architecture
106515	42	engineering services relating to computer programming
106515	42	engineering services relating to computers
106515	42	engineering services relating to energy supply systems
106515	42	engineering services relating to gas transport and supply systems
106515	42	engineering services relating to liquefied natural gas storage
106515	42	engineering services relating to production of electricity form liquefied natural gas
106515	42	engineering services relating to regasification
106516	42	product development consultancy for inventors in the field of computer science
106516	42	product development consultation for inventors in the field of cybernetics
106516	42	product development consultancy for inventors in the field of cybernetics
106516	42	product development consultation for inventors in the field of earth science
106516	42	product development consultancy for inventors in the field of earth science
106516	42	product development consultation for inventors in the field of electrical engineering
106516	42	providing temporary use of on-line non-downloadable development tools for for quantum programs
106516	42	providing temporary use of online non-downloadable development tools for quantum algorithms
106516	42	providing temporary use of on-line non-downloadable development tools for quantum algorithms
106516	42	providing temporary use of on-line non-downloadable investment software
106517	42	providing temporary use of online non-downloadable investment software
106517	42	providing temporary use of on-line non-downloadable operating software for accessing and using a cloud computing network
106517	42	providing temporary use of online non-downloadable operating software for accessing and using a cloud computing network
106517	42	providing temporary use of on-line non-downloadable operating software for computer networks and servers
106517	42	providing temporary use of online non-downloadable operating software for computer networks and servers
106517	42	providing temporary use of online non-downloadable software
106517	42	providing temporary use of on-line non-downloadable software

NO.	CLASS	GOODS AND SERVICES
106178	42	providing temporary use of online non-downloadable software for collecting, analyzing and organizing data in the field of deep learning
106179	42	providing temporary use of on-line non-downloadable software for collecting, analyzing and organizing data in the field of deep learning
106180	42	provision of temporary use of online non-downloadable software for collecting, analyzing and organizing data in the field of deep learning
106181	42	provision of temporary use of on-line non-downloadable software for collecting, analyzing and organizing data in the field of deep learning
106182	42	providing temporary use of online non-downloadable software for creating, analysing and running programs for quantum algorithms
106183	42	providing temporary use of on-line non-downloadable software for creating, analysing and running programs for quantum algorithms
106184	42	providing temporary use of online non-downloadable software for creating, analysing and running programs for quantum computers
106185	42	providing temporary use of on-line non-downloadable software for creating, analysing and running programs for quantum computers
106186	42	creation of programmes for data processing
106187	42	creation of data processing programmes
106188	42	creating programs for data processing
106189	42	creating programmes for data processing
106190	42	creation of web pages for others
106191	42	creating web pages for others
106192	42	cross-platform conversion of digital content into other forms of digital content
106193	42	cryogenic engineering research
106194	42	cryptanalysis services
106195	42	cryptocurrency mining
106196	42	mining of cryptocurrency
106197	42	cryptographic engineering
106198	42	culturing of cells for scientific research purposes
106199	42	cell culturing for scientific research purposes
106200	42	custom design and development of automated machinery for use in the food industry
106201	42	custom design and development of computer programs
106202	42	custom design and development of computer software
106203	42	custom design and development of food additive manufacturing machines for the preparation of meat substitutes
106204	42	custom design and development of food formulation compounds for use in the food industry
106205	42	custom design and development of food preparations for use in the food industry
106206
